1. About 10 kilometers south of the town of Troyan, Bulgaria, in the vicinity of Oreshk (sic) village there is a grass airfield three kilometers in width and three kilometers in length. Since 1948 work has been in progress to enlarge and improve this airfield.
2. Building of an underground hangar is under way at Dobrich airfield. In the middle of April 1950 twenty single and twin engine aircraft were observed at the field.
3. Soviet engineers have begun to build an airfield at a place which is about four kilometers south of Nevrokop and directly west of Mostakarasu (sic).
4. A new airfield is being built in the Sredets area immediately southwest of Burgas.
